

You take care of students. Let us take care of you!

Life can be demanding — from long work hours or stressful situations to financial pressures and family responsibilities. You don't have to face it alone.

First Stop Health Mental Healthcare is a confidential, convenient tool available to you.

- Individual counseling for what's on your mind
- Family and couples therapy
- Anxiety and depression medication evaluation
- Visits via video — wherever you are

Seeking support doesn't have to mean something is wrong. Take care of your mental health — just like you take care of your health and those around you.

For emergency situations, dial 911.
